Were you a volunteer coordinator, house captain or site monitor for Rebuilding Day 2006? Our new online survey is waiting for you! So far, 100% of the responses were favorable in all categories! If you still need to submit an evaluation, email me at [amy@rtdayton.org](mailto:amy@rtdayton.org) for the username and password.

Rebuilding Day 2007 applications are available until the deadline of November 3. Selections will be made at the January Board of Directors meeting. Applications can be found on the website or requested by calling the office.

• **New outreach for Rebuilding Day applicants** - Area drivers for the Meals on Wheels program are delivering more than food this fall. Targeted area homeowners in need of home modifications and repairs will receive Rebuilding Day applications from their delivery drivers. Chuck Sousa at Senior Resource Connection helped coordinate the effort.

• **New location for RTD Board meetings** - The Home Builders Association played host to monthly board meetings for nearly 10 years. After the sale of the building and the relocation of the HBA offices, a new location was in store. Starting with the September 21 board meeting, St. Mary Development will provide space at 713 W. Grand, the Helen Steiner Rice house. Thanks to David Bohardt, board member and Executive Vice President of St. Mary Development.

• **RTD Office Intern** - Debbie Goodwin was surfing the internet, looking for a volunteer opportunity that suited her skills. She stumbled across our award winning website, sent us an email and now she is providing invaluable assistance with clerical work! She even went out on a Neighbor•Care caulking project.

• **Fall Neighbor•Care projects** - On Friday, September 15, Lexis-Nexis employees will work on two Neighbor•Care projects in east Dayton. Wright State University School of Medicine students will begin their quarterly projects on September 23 in the Phoenix Project neighborhood.

• **Christian Life Center Ramp-a-thon!** - The paint is barely dry at their Rebuilding Day project on Roejack, but volunteers from Christian Life Center are working on the construction and installation of EIGHT wheelchair ramps. Sections are built off site, and then installed by volunteers at the homes of Neighbor•Care clients.

• **RT Board Member Moves On** - John Shave, Director of Investor Relations at Reynolds and Reynolds, has accepted a position as Vice President, Investor Relations and Corporate Communications at Safeguard Scientifics, Inc. in suburban Philadelphia. Thanks to John for his service to our organization.

• **New copier at RT offices!** David Esrati, owner of The Next Wave, donated a copier to Rebuilding Together. Thanks David!
